MANAGEMENT'S REPORT

The accompanying consolidated financial statements of Aimia Inc. are the responsibility of management and have been approved by the Board of Directors. The consolidated financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles, which are now International Financial Reporting Standards (“IFRS”). The consolidated financial statements include some amounts and assumptions based on management’s best estimates which have been derived with careful judgement.

In fulfilling its responsibilities, management of the corporation has developed and maintains a system of internal accounting controls. These controls are designed to provide reasonable assurance that the financial records are reliable for preparation of the financial statements. The Board of Directors reviews and approves the corporation’s consolidated financial statements.

1. STRUCTURE OF THE CORPORATION

Aimia Inc. ("Aimia" or the "Corporation"), formerly known as Groupe Aeroplan Inc., was incorporated on May 5, 2008 under the *Canada Business Corporations Act* and is the successor to Aeroplan Income Fund, following the completion of the reorganization of Aeroplan Income Fund from an income trust structure to a corporate structure by way of a court-approved plan of arrangement on June 25, 2008.

The registered and head office of Aimia is located at 5100 de Maisonneuve Blvd. West, Montreal, Québec, Canada, H4A 3T2.

Aimia, a global leader in loyalty management, through its subsidiaries, operates in three regional business segments: Canada, the United States and Asia-Pacific ("US & APAC") and Europe, Middle-East and Africa ("EMEA''). Our regional structure ensures that our business leaders remain close to our clients, partners and investors, while our loyalty service streams allow us to innovate, share best practices and collaborate on client solutions across all regions and around the globe.

In Canada, Aimia owns and operates the Aeroplan Program, a premier coalition loyalty program. In EMEA, Aimia owns and operates Nectar, a coalition loyalty program in the United Kingdom, Air Miles Middle East, a coalition loyalty program in the UAE, through a 60% ownership interest, and Nectar Italia, a coalition loyalty program in Italy, through a 75% participation. Aimia's EMEA segment also provides driven insight and data analytics services in the UK and internationally to retailers and their suppliers, through its Intelligent Shopper Solutions services ("ISS'') (formerly LMG Insight & Communication or I&C). In each of the regions, Aimia provides proprietary loyalty services, including loyalty program design, launch and operation (formerly offered under the Carlson Marketing name). In addition, Aimia's loyalty analytics services also leverage the expertise developed by Carlson Marketing's decision sciences group, and develop analytical tools to provide services to clients globally to collect, analyze and derive actionable insight from their customer data which is used to improve marketing return-on-investment.

Aimia also holds a 28.86% interest in, and jointly controls with Grupo Aeromexico, S.A.B. de C.V., Premier Loyalty & Marketing, S.A.P.I. de C.V. ("PLM"), owner and operator of Club Premier, a Mexican coalition loyalty program, and a minority interest in Cardlytics, Inc. ("Cardlytics"), a US-based private company operating in merchant-funded transaction-driven marketing for electronic banking. These investments are reported under Corporate in the segmented information.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

These condensed unaudited consolidated interim financial statements ("interim financial statements") have been prepared using the same accounting policies and methods of computation as those used in the Corporation's audited annual consolidated financial statements for the year ended December 31, 2011. The interim financial statements are in compliance with International Accounting Standard 34 - *Interim Financial Reporting* ("IAS 34"). Accordingly, certain information and notes disclosures normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), have been omitted or condensed. The preparation of financial statements in accordance with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Corporation's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements have been set out in *Note 2* of the Corporation's audited annual consolidated financial statements for the year ended December 31, 2011. These interim financial statements should be read in conjunction with the Corporation's audited annual consolidated financial statements for the year ended December 31, 2011.

The interim financial statements include all adjustments considered necessary by management to fairly state the Corporation's results of operations, financial position and cash flows. The operating results for interim periods are not necessarily indicative of results that may be expected for any other interim period or for the full year.

These interim financial statements were authorized for issue by the Corporation’s Board of Directors on August 9, 2012.

Basis of Measurement

These interim financial statements have been prepared on the historical cost basis except for the following balance sheet items:

- Air Canada warrants (included in accounts receivable) are measured at fair value;
- Investment in Cardlytics is measured at fair value;
- Forward exchange contract is measured at fair value;
- Liabilities for cash-settled share-based payment arrangements are measured at fair value;
- Accrued pension benefit liability is recognized as the net total of the fair value plan assets, less the present value of the defined benefit obligation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS JUNE 30, 2012

(Tables in thousands of Canadian dollars, except share and per share amounts)

Functional and Presentation Currency

These interim financial statements are presented in Canadian Dollars, which is the Corporation's functional currency.

PRINCIPLES OF CONSOLIDATION

Subsidiaries

Subsidiaries are entities controlled by the Corporation. Subsidiaries' financial statements are included in the consolidated financial statements from the date of commencement of control until the date that control ceases. Subsidiaries' accounting policies have been changed, when necessary, to align with the policies adopted by Aimia.

These interim financial statements include the accounts of the Corporation and the accounts of its subsidiaries. All inter-company balances and transactions have been eliminated.

Joint Ventures

Joint ventures are entities where the Corporation has the ability to exercise joint control as established by a contractual agreement. Investments in jointly controlled entities are accounted for using the equity method and are initially recognized at cost. The Corporation's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The interim financial statements include the Corporation's share of the income and expenses and equity movements of equity accounted investees, after aligning with the accounting policies of the Corporation, from the date that joint control commences until the date that joint control ceases. When the Corporation's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest, including any long-term investments, is reduced to nil, and the recognition of further losses is discontinued except to the extent that the Corporation has an obligation or has made payments on behalf of the investee.

SEASONALITY OF OPERATIONS

Historically, the Aeroplan Program has been marked by seasonality relating to high redemption activity in the first half of the year and high accumulation activity in the second half of the year. The Nectar Program is characterized by high redemption activity in the last quarter of the year as a result of the holiday season. While the proprietary loyalty services business is also affected by similar seasonality in the last quarter of the year, also related to the holiday season, the impact at the consolidated level is not significant due to the lower relative importance of the reward fulfilment component of the business compared to that of the Aeroplan Program and the Nectar Program.

FUTURE ACCOUNTING CHANGES

The following standards and amendments to existing standards have been published and their adoption is mandatory for future accounting periods.

A. International Financial Reporting Standard 9, Financial Instruments ("IFRS 9"), was issued in November 2009. It addresses classification and measurement of financial assets and replaces the multiple category and measurement models in IAS 39 for debt instruments with a new mixed measurement model having only two categories: amortized cost and fair value through profit or loss. IFRS 9 also replaces the models for measuring equity instruments with fair value measurement adjustments for such instruments recognized either through profit or loss or through other comprehensive income. Where such equity instruments are measured at fair value through other comprehensive income, dividends, to the extent that they do not clearly represent a return of investment, are recognized in profit or loss; however, other gains and losses (including impairments) associated with such instruments remain in accumulated comprehensive income indefinitely. In addition, the standard includes guidance on financial liabilities and derecognition of financial instruments. This standard is required to be applied for accounting periods beginning on or after January 1, 2015, with earlier adoption permitted. At this time, the Corporation does not anticipate that this standard will have a significant impact on its consolidated financial statements.

B. In May 2011, the IASB issued the following standards which have not yet been adopted by the Corporation: IFRS 10 - *Consolidated Financial Statements*; IFRS 11 - *Joint Arrangements*; IFRS 12 - *Disclosure of Interests in Other Entities*; IAS 27 - *Consolidated and Separate Financial Statements*; IFRS 13 - *Fair Value Measurement*; and IAS 28 - *Investments in Associates and Joint Ventures* (as amended in 2011). On June 28, 2012, the IASB amended the transition guidance relating to IFRS 10, IFRS 11 and IFRS 12 limiting the requirement to provide adjusted comparative information to only the preceding comparative period. Each of the new standards is effective for annual periods beginning on or after January 1, 2013, with early adoption permitted.

   The following is a brief summary of the new standards:

   ### *IFRS 10, Consolidated Financial Statements*

   IFRS 10 requires an entity to consolidate an investee when the entity is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Under existing IFRS, consolidation is required when an entity has the power to govern the financial and operating policies of another entity so as to obtain benefits from its activities. IFRS 10 replaces SIC-12 - *Consolidation – Special Purpose Entities*, and parts of IAS 27 - *Consolidated and Separate*

Financial Statements. At this time, the Corporation does not anticipate that this standard will have a significant impact on its consolidated financial statements.

IFRS 11, Joint Arrangements

IFRS 11 requires a venturer to classify its interest in a joint arrangement as a joint venture or joint operation. Joint ventures will be accounted for using the equity method of accounting whereas for a joint operation the venturer will recognize its share of the assets, liabilities, revenue and expenses of the joint operation. Under existing IFRS, entities have the choice to proportionately consolidate or equity account for interests in joint ventures. IFRS 11 supersedes IAS 31 - *Interests in Joint Ventures*, and SIC-13 - *Jointly Controlled Entities - Non-monetary Contributions by Venturers.* At this time, the Corporation does not anticipate that this standard will have a significant impact on its consolidated financial statements since Aimia already accounts for its participation in PLM, classified as a joint venture, under the equity method.

IFRS 12, Disclosure of Interests in Other Entities

IFRS 12 establishes disclosure requirements for interests in other entities, such as joint arrangements, associates, special purpose vehicles and off-balance sheet vehicles. The standard carries forward existing disclosures and also introduces significant additional disclosure requirements that address the nature of, and risks associated with, an entity's interests in other entities. This standard may result in expanded disclosure requirements in connection with Aimia's subsidiaries and its participation in PLM. The Corporation currently plans to apply the standard as of January 1, 2013.

IFRS 13, Fair Value Measurement

IFRS 13 is a comprehensive standard for fair value measurement and disclosure requirements for use across all IFRS standards. The new standard clarifies that fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants, at the measurement date. It also establishes disclosures about fair value measurement. Under existing IFRS, guidance on measuring and disclosing fair value is dispersed among the specific standards requiring fair value measurements and in many cases does not reflect a clear measurement basis or consistent disclosures. At this time, the Corporation does not anticipate that this standard will have a significant impact on its consolidated financial statements.

Amendments to Other Standards

In addition, there have been amendments to existing standards, including IAS 27 - *Separate Financial Statements*, and IAS 28 - *Investments in Associates and Joint Ventures*. IAS 27 addresses accounting for subsidiaries, jointly controlled entities and associates in non-consolidated financial statements. IAS 28 has

(Tables in thousands of Canadian dollars, except share and per share amounts)

been amended to include joint ventures in its scope and to address the changes in IFRS 10 to 13. At this time, the Corporation does not anticipate that these amendments will have a significant impact on its consolidated financial statements.

C. In June 2011, the IASB amended IAS 1 - *Presentation of Financial Statements*, to change the disclosure of items presented in other comprehensive income ("OCI"), including a requirement to separate items presented in OCI into two groups based on whether or not they may be recycled to profit or loss in the future. These amendments are required to be applied for accounting periods beginning on or after July 1, 2012, with earlier adoption permitted. The Corporation currently plans to apply the amended standard as of January 1, 2013.

D. In June 2011, the IASB issued a revised version of IAS 19 - *Employee Benefits*. The standard was amended to reflect significant changes to recognition and measurement of defined benefit liabilities (assets), and provide expanded disclosure requirements. The main changes include the elimination of the corridor approach and the elimination of the option to recognize actuarial gains and losses in profit and loss. Actuarial gains and losses, renamed 'remeasurements', need to be recognized immediately in OCI. This change is consistent with the Corporation's current accounting policy. The revised standard also requires the immediate recognition of past service costs when those occur and the disaggregation of defined benefit cost into components. The impact related to this change at the Corporation's transition date, January 1, 2012, will be an increase in the accrued benefit obligation of $4.5 million and a corresponding reduction in retained earnings representing the unrecognized unvested past service cost accumulated at the transition date relating to other employee future benefits. The revision also requires that the computation of the annual expense for a funded benefit plan be based on the application of the discount rate to the net defined benefit asset or liability as opposed to the expected return on plan assets. The Corporation does not anticipate that these amendments will have a significant impact on its consolidated statement of operations and statement of comprehensive income for the year ended December 31, 2012.

   The amendments are required to be applied for accounting periods beginning on or after January 1, 2013, with earlier adoption permitted. The Corporation currently plans to apply the amended standard as of January 1, 2013.

E. In December 2011, the IASB amended IFRS 7 - *Financial Instruments*, to incorporate additional disclosure requirements related to offsetting financial assets and financial liabilities. These amendments are required to be applied for accounting periods beginning on or after January 1, 2013. The Corporation anticipates that the adoption of these amendments will result in additional disclosure requirements related to the Corporation's netting arrangements with Air Canada. The Corporation currently plans to apply the amended standard as of January 1, 2013.

F. In December 2011, the IASB amended IAS 32- *Financial Instruments*: Presentation, to clarify certain requirements for offsetting financial assets and liabilities. This amendment is required for accounting periods beginning on or after January 1, 2014. In addition, in May 2012, as part of the annual improvement publication, an additional amendment was issued by the IASB clarifying the treatment of income tax relating to distributions and transaction costs. This amendment is required for accounting periods beginning on or after January 1, 2013. At this time, the Corporation does not anticipate that these amendments will have an impact on its consolidated financial statements as it already complies with the proposed amendments to the standard.

3. INVESTMENT IN PREMIER LOYALTY & MARKETING, S.A.P.I. DE C.V.

On September 13, 2010, Aimia acquired an initial participation in PLM, for cash consideration of US$23.3 million ($24.1 million), including transaction costs of US$1.3 million ($1.4 million). PLM is the owner and operator of Club Premier, a Mexican coalition loyalty program. Until February 27, 2011, the investment was accounted for as an available-for-sale investment with fair value changes being recorded through other comprehensive income. Fair value was determined to approximate cost.

On February 28, 2011, after PLM achieved the remaining performance milestone, Aimia completed the second tranche of its investment in PLM of US$11.8 million ($11.8 million), increasing its equity interest to 28.86%. The investment, which is now subject to joint control with Grupo Aeromexico S.A.B. de C.V., is accounted for under the equity method. A fair value gain of $3.3 million was recognized on a step basis on the completion of the second tranche of the investment.

Under the equity method, net earnings are calculated on the same basis as if the two entities had been consolidated. The difference between the purchase price and the net book value of PLM's assets has been allocated to the fair value of identifiable assets, including finite and indefinite life intangible assets, and any remaining difference has been assigned to goodwill. Management has identified the PLM commercial partners' contracts as finite life intangibles and the trade name as an indefinite life intangible. The proportionate share of PLM's net earnings has been recorded since the disbursement of the second tranche on the basis of management's valuation of the identifiable assets of PLM. The independent valuation of the intangible assets was completed during the fourth quarter of 2011.

5. CASH HELD IN ESCROW

Cash held in escrow, in the amount of $43.4 million (£27.1 million), represents contingent consideration related to the December 2007 acquisition of Aimia EMEA Limited (formerly Loyalty Management Group Limited or LMG). Pursuant to the escrow agreement entered into at the time of the acquisition, the funds held in escrow will be released to the Corporation upon ratification of the ECJ VAT Judgment by the United Kingdom Supreme Court (*Note 12*).

8. MAJOR ACCUMULATION PARTNERS AND SIGNIFICANT REDEMPTION PARTNER

Air Canada and two other major Accumulation Partners account for a significant percentage of Gross Billings. Since Aimia's revenues are recognized based on redemptions by members as opposed to the issuance of Loyalty Units to members by the Accumulation Partners, the information on major customers is based on total Gross Billings, which include proceeds from the sale of Loyalty Units and services rendered or to be rendered. Gross Billings for each Accumulation Partner represent the contracted amounts received or receivable from Accumulation Partners and customers during each period. Air Canada and the other Accumulation Partners accounted for a significant percentage of Gross Billings as follows:

Air Canada acts as a clearing house for substantially all Gross Billings of Aeroplan Miles and reward purchase transactions between Aimia Canada Inc. (formerly Aeroplan Canada Inc., operator of the Aeroplan Program and wholly-owned subsidiary of Aimia) ("Aeroplan") and airlines other than Air Canada (Star Alliance Partners). Aeroplan has entered into various agreements with Air Canada governing the commercial relationship between Aeroplan and Air Canada. The following is a summary of the relevant financial terms of the most significant agreements.

CPSA

The amended and restated commercial participation services agreement dated June 9, 2004 between Air Canada and Aeroplan, as amended (the "CPSA"), which expires on June 29, 2020, covers the terms and conditions of the purchase of air travel rewards by Aeroplan from Air Canada and its affiliates, the purchase of Aeroplan Miles by Air Canada and its affiliates for issuance to members and the management of the tier membership program for certain Air Canada customers. Pursuant to the CPSA, Aeroplan is required to purchase annually a minimum number of reward travel seats on Air Canada and its affiliates, which number is based on a function of the number of seats utilized in the three preceding calendar years. Based on the three years ended December 31, 2011, Aeroplan is required to purchase reward travel seats amounting to approximately $429.2 million each year. While Air Canada can change the number of Aeroplan Miles under the Aeroplan Program awarded to members per flight without Aeroplan's consent, Air Canada is required to purchase, on an annual basis, a pre-established number of Aeroplan Miles under the Aeroplan Program at a specified rate. Aeroplan is required to perform certain marketing and promotion services for Air Canada, including contact centre services for the management of the frequent flyer tier membership program, for a fee based on actual costs, on a fully allocated basis, plus an administrative fee. Aeroplan's ability to respond to members' requests for future rewards will depend on Air Canada's ability to provide the requested number of seats.

CONTACT CENTRE EMPLOYEES

On June 8, 2012, Aeroplan entered into an agreement with Air Canada through which Air Canada will transfer to the Aeroplan defined benefit pension plan all the pension plan assets and obligations related to pension benefits accrued by employees who were Air Canada customer sales & service agents prior to 2009 and who were transferred to Aeroplan in 2009. The transfer is subject to regulatory approval from the Office of the Superintendant of Financial Institutions ("OSFI") which is expected to occur in the next 18 to 24 months. As such, as of June 30, 2012, the financial statements do not reflect assets and obligations in relation to this plan.

Pursuant to the agreement, Air Canada agreed to pay Aeroplan a compensation amount of $5.5 million in exchange for the transfer of the pension plan assets and obligations relating to the transferred employees.

On June 18, 2012, the compensation amount was received and recorded in deferred revenue. A letter of credit in the corresponding amount was issued by Aeroplan in favour of Air Canada as security for the compensation amount. The letter of credit will expire upon the transfer of the plan assets to Aeroplan.

9. REDEMPTION RESERVE

Aeroplan maintains the Aeroplan Miles redemption reserve (the "Reserve"), which, subject to compliance with the provisions of the Corporation's credit facilities, may be used to supplement cash flows generated from operations in order to pay for rewards during periods of unusually high redemption activity associated with Aeroplan Miles under the Aeroplan Program. In the event that the Reserve is accessed, Aeroplan has agreed to replenish it as soon as practicable, with available cash generated from operations. At June 30, 2012, the Reserve amounted to $300.0 million and was included in short-term investments and long-term investments.

The amount held in the Reserve, as well as the types of securities in which it may be invested, are based on policies established by management, which are reviewed periodically. At June 30, 2012, the Reserve was invested in corporate, federal and provincial bonds.

10. RESTRUCTURING LIABILITIES

The restructuring activities undertaken since January 1, 2011 are primarily the result of the Corporation's first quarter 2011 transition to a regional structure in order to leverage the full suite of loyalty management capabilities it possesses across the organization. The objective is to replicate the strengths from each business and roll them out in each of the regions in order to optimize revenue and cost synergies, brands and technology.

Included in accounts payable and accrued liabilities and other long-term liabilities are restructuring costs of $5.0 million as at June 30, 2012 (December 31, 2011: $12.9 million). Restructuring expenses (net of reversals), are included in general and administrative expenses.

(a) The current portion is management's best estimate of the amount to be recognized in the next twelve months, based on historical trends.

MEASUREMENT UNCERTAINTY

Aimia may be required to provide rewards to members for unexpired Loyalty Units accounted for as Breakage on the Loyalty Units issued to date for which the revenue has been recognized or deferred and for which no liability has been recorded. The maximum potential redemption cost for such Loyalty Units is estimated to be $1,052.1 million at June 30, 2012.

The potential redemption costs, noted above, have been calculated on the basis of the current average redemption cost, reflecting actual prices with Redemption Partners, including Air Canada, and the experienced mix of the various types of rewards that members have selected, based on past experience.

Management has calculated that the cumulative effect of a 1% change in Breakage in each individual program would have a consolidated impact on revenue and earnings before income taxes of $124.5 million for the period in which the change occurred, with $115.1 million relating to prior years and $9.4 million relating to the current six month period.

Aimia EMEA Limited (formerly Loyalty Management Group Limited) has been in litigation with Her Majesty's Revenue & Customs ("HMRC") since 2003 relating to the VAT treatment of the Nectar Program as it applies to the deductibility of input tax credits in the remittance of VAT owed, and paid an assessed amount of £13.8 million ($27.1 million).

Aimia EMEA Limited appealed to the VAT and Duties Tribunal, which ruled in its favour. HMRC then appealed to the High Court which found in favour of HMRC. Aimia EMEA Limited, in turn, appealed to the Court of Appeal, which issued a judgment in favour of Aimia EMEA Limited on October 5, 2007 requiring the refund of the assessed amount and confirming Aimia EMEA Limited's eligibility to deduct input tax credits in the future. As a result of this event, an amount receivable of £13.8 million ($27.1 million) was recorded in the accounts at December 31, 2007 and subsequently collected in January 2008.

HMRC appealed the Court of Appeal's decision to the House of Lords which granted leave to appeal in order to facilitate a reference to the European Court of Justice ("ECJ"). The case was heard on January 21, 2010. On October 7, 2010, the ECJ ruled against Aimia EMEA Limited and in favour of HMRC. The case has been referred back to the UK Supreme Court for judgment based on the guidance of the ECJ. The hearing is scheduled to take place on October 24 and October 25, 2012.

Based on the binding and non-appealable nature of the judgment rendered by the ECJ, an amount of $153.7 million (£96.0 million) has been recorded in provisions at June 30, 2012 representing input tax credits relating to the supply

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS JUNE 30, 2012

(Tables in thousands of Canadian dollars, except share and per share amounts)

of goods claimed historically and to date, and interest and penalties. An amount of $65.9 million (£41.2 million), relating to recoverable amounts under the terms of contractual agreements with certain Redemption Partners, has also been recorded in accounts receivable.

For the three and six months ended June 30, 2012, $1.0 million (£0.6 million) and $1.8 million (£1.1 million), respectively, have been recorded in cost of rewards and $1.1 million (£0.7 million) and $2.2 million (£1.4 million), respectively, have been recorded in interest expense.

At this time, the provision represents management's best estimate. The ECJ provided for potential relief to mitigate a portion of the increase in the cost base resulting from the ECJ VAT Judgment which will require further discussion with HMRC. Given that the case has been referred back to the UK Supreme Court for judgment based on the guidance of the ECJ, and due to the need for on-going discussions with HMRC, management has neither considered nor accounted for any potential favourable impact of this aspect of the ECJ VAT Judgment.

The ECJ VAT Judgment has not yet affected cash flows as the amounts have not been settled. This will likely occur once the UK Supreme Court renders judgment based on the guidance of the ECJ and the settlement process is agreed to with HMRC, which is anticipated to take place subsequent to the hearing.

(a) On April 13, 2012, Aimia concluded an amendment to its existing credit facility with its lending syndicate, extending the term of its revolving facility by two years to April 23, 2016. Depending on the Corporation's credit ratings, the revolving facility bears interest at rates ranging between Canadian prime rate plus 0.20% to 1.50% and the Bankers' Acceptance and LIBOR rates plus 1.20% to 2.50%.

Letters of credit: Aimia has issued irrevocable letters of credit in the aggregate amount of $22.3 million. This amount reduces the available credit under the revolving facility.

(b) The Senior Secured Notes Series 1, in the principal amount of $200.0 million, matured on April 23, 2012 and were repaid with funds drawn from the revolving facility.

(c) The Senior Secured Notes Series 2 bear interest at 7.9% per annum, payable semi-annually in arrears on March 2nd and September 2nd of each year, commencing March 2, 2010 and mature on September 2, 2014.

(d) The Senior Secured Notes Series 3 bear interest at 6.95%, payable semi-annually in arrears on January 26th and July 26th of each year, commencing July 26, 2010 and mature on January 26, 2017.

(e) On May 17, 2012, Aimia issued Senior Secured Notes Series 4 in the principal amount of $250.0 million. These notes bear interest at 5.60% per annum, payable semi-annually in arrears on May 17th and November 17th of each year, commencing November 17, 2012, and mature on May 17, 2019. The proceeds from the notes issued were used to repay the funds drawn on the revolving facility and for general corporate purposes.

(f) Long-term debt is presented net of prepaid interest and unamortized transaction costs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS JUNE 30, 2012

Unaudited

(Tables in thousands of Canadian dollars, except share and per share amounts)

Each of the Senior Secured Notes Series 2, 3 and 4 are secured by certain present and future undertakings, property and assets of the Corporation and certain of its subsidiaries and rank equally and pari passu, including with respect to security interest, with all other present and future unsubordinated debt of the Corporation, and are subject to compliance with certain affirmative and negative covenants.

The continued availability of the credit facilities is subject to Aimia's ability to maintain certain leverage, debt service and interest coverage covenants, as well as other affirmative and negative covenants, including certain limitations of distributions in the form of dividends or equity repayments in any given fiscal year, as set out in the credit agreement.

The following table illustrates the financial ratios calculated on a trailing twelve-month basis:

Ratio	Result	Test
Leverage	1.61	≤ 2.75
Debt service [(a)]	0.09	≤ 2.00
Interest coverage	9.84	≥ 3.00

(a) This ratio takes into account Aimia's net debt, calculated as long-term debt less cash, restricted cash, short-term investments and long-term investments in corporate and government bonds.

14. PENSION AND OTHER LONG-TERM LIABILITIES

	June 30, 2012	December 31, 2011
Pension and other future benefits obligations	22,467	21,397
Other	10,818	9,606
Total	**33,285**	**31,003**

15. CONTINGENT LIABILITIES

Aimia has agreed to indemnify its directors and officers, and the directors and officers of its subsidiaries, to the extent permitted under corporate law, against costs and damages incurred as a result of lawsuits or any other judicial, administrative or investigative proceeding in which said directors or officers are sued as a result of their services. The directors and officers are covered by directors' and officers' liability insurance.

In limited circumstances, Aimia may provide guarantees and/or indemnifications to third parties to support the performance obligations of its subsidiaries under commercial contracts. At June 30, 2012, Aimia's maximum exposure under such guarantees was estimated to amount to $159.1 million. No amount has been recorded in these financial statements with respect to the indemnification and guarantee agreements.

On July 2, 2009, Aimia was served with a motion for authorization to institute a class action and to obtain the status of representative in the Superior Court of Quebec. The motion was heard on May 9 and 10, 2011 and Aeroplan was added as a potential defendant. In a judgment dated March 6, 2012, the Superior Court of Quebec authorized the motion for the petitioner to bring a class action.

This motion was the first procedural step before any such action can be instituted. The petitioner's class action lawsuit on behalf of Aeroplan Program members in Canada seeks to obtain reinstatement of expired Aeroplan Miles, reimbursement of any amounts already expended by Aeroplan members to reinstate their expired miles, $50 in compensatory damages and an undetermined amount in exemplary damages on behalf of each class member, all in relation to changes made to the Aeroplan Program concerning accumulation and expiry of Aeroplan Miles as announced on October 16, 2006. The next step in the process is for the petitioner to publish a notice of the judgment authorizing the class action and to file and serve the claim on the merits. Management does not expect a hearing on the merits for at least two years.

Although management has identified a strong defence to this class action lawsuit, the likelihood and amount of any potential loss cannot be reasonably estimated at this time. Consequently, no provision for a liability has been included in these financial statements. If the ultimate resolution of this class action lawsuit differs from the Corporation's assessment and assumptions, a material adjustment to the financial position and results of operations could result.

From time to time, Aimia becomes involved in various claims and litigation as part of its normal course of business. While the final outcome thereof cannot be predicted, based on the information currently available, management believes the resolution of current pending claims and litigation will not have a material impact on Aimia’s financial position and results of operations.

B) OPERATING COMMITMENTS AND OTHER

Operating expenditures contracted for at the end of the reporting period but not yet incurred are as follows:

Technology infrastructure and other	49,746
Marketing support and other [(a)]	101,430

(a) Marketing support amounts represent maximum obligations with the Corporation's undertakings to promote the loyalty programs it operates.

Under the terms of certain contractual obligations with a major Accumulation Partner, Aimia is required to maintain certain minimum working capital amounts in accordance with pre-established formulae. At June 30, 2012, Aimia complied with all such covenants.

19. SEGMENTED INFORMATION

At June 30, 2012, the Corporation had three reportable and operating segments: Canada, EMEA and US & APAC.

The segments are the Corporation's strategic business units. For each of the strategic business units, the Corporation's CEO reviews internal management reports on a monthly basis. The segments have been identified on the basis of geographical regions and are aligned with the organizational structure and strategic direction of the organization.

The Canada segment derives its revenues primarily from the Aeroplan Program and from proprietary loyalty services. The US & APAC segment derives its revenues primarily from proprietary loyalty services. The EMEA segment derives its revenues primarily from loyalty programs, including the Nectar and Nectar Italia programs, operating in the United Kingdom and Italy, respectively, and from its interest in the Air Miles Middle East program. In addition, the EMEA segment also generates revenues from proprietary loyalty services and loyalty analytics services, including ISS.

Accounting policies relating to each segment are identical to those used for the purposes of the consolidated financial statements. Management of other financial expenses, share-based compensation, and income tax expense is centralized and, consequently, these expenses are not allocated to the operating segments.

Intercompany revenue and expenses related to the comparative period have been reclassified to conform with the presentation adopted in the current period.

20. FORWARD EXCHANGE CONTRACT

On March 14, 2012, the Corporation entered into a forward exchange contract to purchase €22.5 million for $29.4 million. The forward exchange contract, maturing on December 28, 2012, was entered into to manage the risk and mitigate the impact of currency fluctuations associated with an intercompany loan of €22.5 million.

The forward exchange contract is measured at fair value, with changes in the fair value recognized in financial expenses in the consolidated statement of operations as the derivative instrument is not designated as an accounting hedge.

The fair value of the forward exchange contract amounted to $(0.4) million at June 30, 2012 and is included in accounts payable and accrued liabilities.
