(TSX: AIM) announced that it repurchased and settled for cancellation a total of 477,000 of its common shares in the month of November 2025 under the Company's normal course issuer bid program ("**NCIB**"). The total represents 0.5% of Aimia's 90,134,085 common shares outstanding as at November 30, 2025.

Aimia's NCIB is a component of the Company's strategy for enhancing shareholder value and reducing the discount of its share price relative to the intrinsic value of its net assets.

Aimia believes that the market price of its common shares may, from time to time, not reflect the intrinsic value of the company, and that repurchases of common shares pursuant to the NCIB may represent an appropriate and desirable use of the Company's funds. Therefore, Aimia

<sup>1</sup> The movement in the number of Aimia's issued and outstanding shares since the start of its NCIB in June 2024 also reflects the cancellation of 1,302,857 escrow shares and the issuance of 24,560 common shares related to the Company's acquisition of Mittleman Investment Management, LLC in June 2020.

believes that it is in its best interest to proceed with this NCIB, while maintaining sufficient financial flexibility to execute on the Company's future strategic direction and capital allocation priorities.
